Course Structure of **DIPLOMA IN BIBLE STUDIES**

The DBS is a Two-Year Program. of training. Throughout the two years of training and study, students participate in a rich array of classes, from textual study to spiritual enrichment to ministry application. This training is rigorous, providing in just two years the same number of class hours that would require four or more years to complete at a typical college pace. This training is also deeply rewarding, launching students into a lifetime of growth and ministry.
